Includes the 'Sources of funding' guide

- ✓ Match-making platforms
- ✓ Investor search engines

- ✓ Vetted brokers
- ✓ All UK angel networks

- ✓ Investor directories
- ✓ Funds & crowdfunders

Sources of funding

Introduction

Many of our customers wish to find sources of funding, so we have produced this guide on how you can search for funding. We have broken this into a number of sections, covering general considerations followed by categorised funding opportunities.

This document is provided 'as-is' and it is not possible for us to assure that you will received funding via any or of these avenues. Please note: We don't promote or arrange deals between start-ups and individual angel investors as this is an activity regulated by the FCA that we are not authorised to undertake.
